## THE OLD RELIABLE

THERE IS NO SUBSTITUTE

Miss Infelice Tyler is very ill at her home at Germantown.

## River News

There are a dozen boats moored in the Cincinnati harbor between Broadway and Vine streets.

The W. W. O'Neil, with a big tow of coal, is reported in a safe harbor opposite Fulton, seventy-four miles above Memphis.

At Wheeling, the Wharfmaster's January report showed not a single landing at the wharf during that month for the first time in thirty years.

River conditions are not much improved. The stream is still about two-thirds full of newly made floating ice, very heavy and hard. No relief will be afforded towns along the river dependent on the packets for supplies until a warm spell comes. This will cause a rise and wash off the banks.

## ABSOLUTE FAITH

You Can Depend Upon the Word of this Maysville Citizen.

She has had the experience. She has thoroughly tested the article. She found it as represented. She has absolute faith in its merit. Mrs. Samuel Creighton of 351 East Fourth street says:

"Because of the proven value of Doan's Kidney Pills, I most cordially recommend them to others suffering from kidney trouble. The use of this medicine proved it to be worthy of confidence. My son procured it for me at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

The Rev. H. T. Musselman of the First Baptist Church tomorrow begins a series of sermons on the life of Christ. His first subject will be "The Prophet's Picture of Jesus."

The Keystone Commercial Company shipped 50 cases of eggs to Pittsburgh yesterday. Owing to the hens being on a strike and refusing to work during the cold weather, the egg product has become scarce in the market and consequently the price soared skyward.

France exported \$5,832,341 worth of automobiles last year, while spending only \$206,000 in imported ones.

A man that stands charged with murder would be expected to have more concern about disproving the allegation than seeking to establish a "character."

The Chosen Friends Lodge of Oddfellows of Louisville may expel W. M. Morris, who by his own confession is short about \$4,000 of the Widows and Orphans Fund, of which he was the Trustee.

## SORE LUNGS

When your lungs are sore and inflamed from coughing, is the time when the germs of PNEUMONIA, PLEURISY and CONSUMPTION find lodgment and multiply.

FOLEY'S  
HONEY AND TAR

stops the cough, heals and strengthens the lungs. It contains no harsh expectorants that strain and irritate the lungs, or opiates that cause constipation, a condition that retards recovery from a cold. FOLEY'S HONEY AND TAR is a safe and never failing remedy for all throat and lung troubles.

The Doctors Said He Had Consumption—A Marvelous Cure. L. M. Ruggles, Reasoner, Iowa, writes: "The doctors said I had consumption and I got no better until I used FOLEY'S HONEY AND TAR. ## FAIR NOTES

The Mid-Winter Event Is Arousing  
Much Interest

The leading citizens of Cincinnati and Louisville will be here Saturday, February 20th.

Every land owner in Mason county should see to it that something grown on his farm is on exhibition at the Tobacco Fair.

Only growers will be allowed to exhibit at the Maysville Tobacco Fair.

Twelve hands of tobacco make the regulation sample.

A sample of wheat, 1 peck; sample of potatoes, 1 peck, and sample of corn, 25 ears.

It will be worth a long trip to hear the music in Maysville Saturday, February 20th.

A Mother's Recommendation. I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this remedy.—Mrs. J. A. Moore, North Star, Mich. For sale by J. Jas. Wood & Son.

## THE CHAPERONS.

Tell your friends that the "Chaperons" is an early booking at the Opera-house and how good it is. You remember that The Enquirer says that it is the very best thing that has played Cincinnati this season.

## ATTENTION, FARMERS!

Be on Hand at the Fifth Annual Tobacco Fair the 20th

To the Farmers: Let me urge you to get samples of tobacco, corn, wheat and potatoes ready to exhibit at the Tobacco Fair. It may cost you some labor, and the small quantity of whatever you exhibit. You have an equal chance however with your neighbor to secure a liberal premium.

Besides you are advertising to the world the superior quality of Mason county soil. You are showing that you are up-to-date, progressive farmers.

Let me beg that you make the best display at the fifth annual Tobacco Fair that has ever been made anywhere. We want to send a part of the tobacco to the St. Louis Exposition. Bring on your samples. Yours truly,  
JOHN DULEY, President Board of Trade.

Cotton dropped to 14 cents in New York yesterday.

The Tien-Tsin correspondent of The London Star wires as follows: "A private telegram received from Nagasaki, Japan, says war has been declared. There is no official confirmation of this at Tien-Tsin." The State Department is advised that the Japanese Government has called upon all Japanese citizens residing in the Yalu River District to go to Seoul.

There was a heavy slump in the wheat market at Chicago yesterday morning, due to the failure of war rumors to materialize and the action of Armour in shaking out a lot of trailers. May wheat, which closed Thursday night at 95½ sold up to 96 on the opening. On the noticeable absence of buying it broke rapidly, sank to 93½. The July option sold down from 85½ to 84½. Corn and oats dropped in sympathy.

The official announcement yesterday morning that Senator Hanna is suffering from typhoid fever, although not entirely unexpected, created wide-spread apprehension among his friends. They realize that for a man of his age and of somewhat enfeebled constitution, this development is most serious. The physicians, however, continue to express confidence in his ability to withstand the disease, and assert that no alarm need be felt at present.

The Government has received advices from the island of Java that tell of a terrible disaster which may assume the proportions of that in the island of Martinique, when so many hundreds of lives were wiped out in a few moments. It is stated that a town in Java has been literally swallowed up by a great volcano, and that hundreds of citizens perished, as did those in St. Pierre and earlier in Pompeii and Herculaneum. Unlike the people of the cities named, the people of the little town in Java had no warning that the great calamity was impending. It had been reported by travelers that there had been noticed a recurrence of volcanic activity in the island. In fact, such reports were received soon after the disaster in Martinique, but there was no fear that any serious disturbance would result. The Government is making strenuous efforts to secure more details from Java.

#### A Cure for Eczema.

My baby had Eczema so bad that its head was a solid mass of scabs, and its hair all came out. I tried many remedies but none seemed to do any permanent good until I used DeWitt's Witch Hazel Salve. The Eczema is cured, the scabs are gone and the little one's scalp is perfectly clean and healthy, and its hair is growing beautifully again. I cannot give too much praise to DeWitt's Witch Hazel Salve.—Frank Farmer, Bluff City, Ky. In buying Hazel Salve look out for counterfeits. DeWitt's is the original and the only one containing pure Witch Hazel. The name of E. C. Dewitt & Co. is on every box. Sold by J. Jas. Wood & Son, Druggists.

## Don't Neglect Yourself.

1468 Second Street,  
LOUISVILLE, KY., April 14, 1903.

I have been weak and sickly for the past four years, caused by irregularity and carelessness regarding the laws of health, but about five months ago my condition became very serious. I had severe backache and suffered a constant dull pain in my head. I spent weary, painful days, and miserable, restless nights. The doctor told me that I must have patience. His medicine did not, however, give me even temporary relief and as I had been told of the curative qualities of Wine of Cardui I decided to try it. I found that it relieved me of pain. As my general health improved my other troubles were gradually diminished and after five weeks' use of the Wine of Cardui I was once more a well and happy woman.

## WINE OF CARDUI

Wine of Cardui regulates the menstrual flow, banishes headaches, backaches and bearing-down pains. Severe headaches, bearing-down pains, indigestion, loss of appetite and nervousness are symptoms of female weakness and should be given prompt attention. If you are troubled with menstrual irregularities do not let them run on. They will certainly grow into dangerous and chronic troubles. Get a bottle of Wine of Cardui and begin treatment at once.

All druggists sell \$1.00 bottles of Wine of Cardui.

## MURDERED IN DANVILLE

## Operator William B. Rucker Fired on Through a Window

With his lifeless fingers still clutching the telegraph key, apparently in an effort to make known a description of his assassin, William B. Rucker, night operator at the Cincinnati Southern Depot at Danville, was found with a bullet through the back of his head Thursday night shortly after 11 o'clock.

The motive of the deed was evidently robbery, the firing being done through a window.

Some traveling men who wished to leave on a train due at 11:29 p. m. telephoned to the station to ascertain if the train was late. Receiving no response, they went to the depot and found the operator lying with his head on the table, motionless.

Death was evidently instantaneous, defeating Mr. Rucker's apparent purpose to open the key and send a telegram telling of the murder.

Mr. Rucker was for a time connected with the C. and O. Railway here and is remembered by many friends in this city.

He was a brother-in-law of Mr. A. J. Boyd of Forest avenue, who left yesterday for Danville.

Mr. Rucker's home was at Paint Lick. About eighteen months ago he married Miss Daisy Boyd of Berry, Harrison county.

Special detectives have been put on the case and every effort is being made to run down the murderer.

## A WOMAN'S COMPLEXION.

It is rank foolishness to attempt to remove sallowness or greyness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New trial size bottle, 25c; regular size, 75c. At Henry W. Ray's Drugstore.

"It is the law of American politics that no man can make himself a candidate for President, and no man can prevent himself from being a candidate for President."—From a statement made by the late James G. Blaine.

If the President nominated Dr. Wood for Major General "during recess," and Congress votes that there wasn't any "recess" by \$190,000 majority, will some one please pass the gravy?

HOWEVER much some fool Americans may ape their British cousins, it is pleasing to observe, in one respect at least, that the Britishers do not reciprocate. There were some "conditions" accompanying the release from an English prison of the unfortunate American woman, Mrs. MAYBRICK, among which were that she is not to appear on the stage or to write a book. This will deprive American managers and publishers of one of their most glorious opportunities to coin a few dollars while gratifying a morbidly curious public.

THE present Legislature has done two notable things, both of which meet the hearty approval of every loyal, state-loving Kentuckian—appropriated \$1,000,000 for a new Capitol, and \$75,000 for a proper exhibit at the World's Fair. Now, if it will get together and pass a decent Corporation Law—a law that will induce Kentucky enterprises to incorporate at home; that will be liberal enough to invite foreign capitalists to come here and incorporate under it; that will thus keep Kentucky money at home and bring other money into Kentucky;—gentlemen of the Legislature, if you will do this, you will have indeed placed the grand old state in the front rank of progressive commonwealths, and the people will rise up and call you blessed.

Political Pickings

A LITTLE SHORT OF ROBBERY.

Louisville Courier-Journal.

The question over the drawing of double mileage by Congressmen for last December hinges on the contention whether there was or was not a recess between the adjournment of the special session and the convening of the regular session. But however this may be, what has this technicality to do with the merits of the matter? Whether there was or was not a recess, not one of the Congressmen went home and returned to Washington in the interval, and to vote himself mileage would be simply a robbery of the Treasury. Indeed, the regular mileage of nearly \$200,000 a year which Congressmen take is largely robbery. They receive this at the rate of 20 cents a mile, a rate that was established in the primitive days of travel. Now, however, 20 cents a mile would pay not only a Congressman's own transportation to Washington, but that of his family, his neighbor's ox and ass, man servant and maid servant, and even his neighbor's wife and seven or eight children.

The suit instituted by the Auditor's Agent against Pat Maher for back taxes has been dismissed as settled. State and county tax, \$55, penalty, \$11, Clerk's fees, \$3.

Tendency of the Times.

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip.) and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by J. Jas. Wood & Son.
